September 2020 Monthly Report

Request from Scott Wetch directed to me from Business Manager Glenn Santa Cruz to reach out to Senators Lena Gonzalez Connie Leva , Holly Mitchell, Susan Rubio. Asking them to please support AB1124 that will empower union trusts to build their own networks and design their own networks and design their own health plan benefits to best their members so important needs at this difficult time.

Continue to do Zoom Meetings with Federation of Labor for COPE Endorsements . The Zoom meeting went from 11:00 am to 5:00 pm , we did this two weeks in a row Thursday and Friday. Candidates were from various offices . Mayors , City Council (Various Cities , Water Board, School Board . Each union gets one vote , I am a proxy for BM Glenn Santa Cruz , John Ferruccio is a proxy for DC 16 BM Rodney Colbos.

Before each Zoom meeting with the Fed of Labor . Myself , Ron Miller of Building Trades, Local 78 BM Jeremy Diaz , Local 709 BA Rick Vasquez , John Ferruccio DC 16 , we all discuss each candidate and how they feel about PLA's , and how they can work with the Building Trades.

Since Water Treatment Plants , fall under Public Works Projects , low bid can get the job . Since Laborers make less an hour than us , sometimes not always they are awarded these jobs . We interviewed many Water Board Candidates . We feel the ones we are gonna help get elected , will work with us in the future.

Continue to help members and newly organized members with any questions they may have on getting the required certifications .

Asking members when paying union dues , if they could pay their dues on line , or drop of in mail box on Figueroa . Trying to comply with social distance.
