Re: COVID-19 Closure Update

In light of recent public health concerns surrounding COVID – 19 “Corona virus”, the A & J is postponing all journeymen and apprentice training courses effective Monday, March 16, 2020. Postponement will be for two weeks as we evaluate the appropriate path forward in conjunction with our educational partners and health authorities.

The safety of all students and staff is our highest priority. We will contact all affected students with revised training dates as soon as they are available.

Please check the A&J main page at www.ajtraining.org for updated information.

Please do not hesitate to contact the main office in Van Nuys with any questions.
